

# Dangerous to Know

[Hilary Duff](#)

Some secrets need to be kept  
Some stories should never be told  
Some reasons shouldn't be understood  
They just might turn your blood cold Who needs all the answers?  
Who takes all the chances?  
Who said the truth's gonna save you?  
When the truth could be dangerous Like the way I feel, it's all right to steal  
What I need from you, do what I have to do  
Say what I have to say, go where I have to go  
And that's dangerous, dangerous to know  
Know know know I was a law unto myself  
When you found me out on my own  
Together nothing was sacred  
Together we were alone Who needs all the questions?  
Who lost their direction?  
Who said a lie is gonna break you?  
When a lie could be dangerous Like the way I feel, it's all right to steal  
What I need from you, do what I have to do  
Say what I have to say, go where I have to go  
And that's dangerous, dangerous to know Ignorance is bliss  
You're safe when you resist  
There's no safety in a kiss like this  
It's dangerous, so kiss me  
Kiss me Like the way I feel, it's all right to steal  
What I need from you, do what I have to do  
Say what I have to say, go where I have to go  
And that's dangerous, dangerous Like the way I feel, it's all right to steal  
What I need from you, do what I have to do  
Say what I have to say, go where I have to go  
And that's dangerous, dangerous to know  
Know, know, know Some secrets need to be kept
