

# Sing For You

## Honor Society

There is a time for everyone  
Where they decide who they'll become  
The leap of faith will fight someone  
I know I'm not the only one It's a long way up  
But I won't stop I'll sing for the brokenhearted  
I'll sing for the dreams that won't come true  
The music won't stop playing  
Tonight I sing for you I'll dream about the place we started  
Hold on to the past we can't undo  
But the music kept on playing  
Now tonight we sing for you, sing for you I maybe far but you're not alone  
I won't be safe till I come home  
You're in my heart and in my soul I'll sing for the brokenhearted  
I'll sing for the dreams that won't come true  
The music won't stop playing  
Tonight I sing for you I'll dream about the place we started  
Hold on to the past I can't undo  
But the music kept on playing  
Now tonight we sing for you I'll sing for the ones who have fallen  
I'll sing when there's nothing left to lose  
And I know they're your dreams too  
And I sing it all for you I'll dream about the place we started  
Hold on to the past I can't undo  
But the music kept on playing  
Now tonight we sing for you Woah, woah  
Woah, woah  
Woah, woah  
Now tonight we sing for you Woah, woah  
Woah, woah  
Woah, woah  
Now tonight we sing  
Now tonight we sing
