Boy In the Corner

Tre Mission

I be making sales on the mall on the ploit
she was rolling out it was all from your boy
I was going out it was all for the lizzy
Boy in the corner she was calling me dizzeeI can tell you scared baby you aint gotta worry
This could take a minute ima gonna tell a story
once apon a time i fell in love for an hour
I took a water bottle mixed it up with the powder
bitches get the dizzle and it fucks with the flower
Niggas get the fear and mix it up with the power
then they meet a friend and mix it up with the bussiness
im from the murder millie i dont fuck with these niggas
yeah, im from the murder millie she in love with the goons
Let her hear the album she in love with the tunes
she love the honesty cus she in love with the real
i let her touch herself she in love with the feelI be making sales on the mall on the ploit
she was rolling out it was all from your boy
I was going out it was all for the lizzy
Boy in the corner she was calling me dizzeeNow she coming down
