

# This House Is Not for Sale

## Bon Jovi

These four walls have a got a story to tell  
The door is off the hinges, there's no wish in the well  
Outside the sky is coal black and the streets are on fire  
The picture windows cracked and there's no where to run  
I know, I know  
This house is not for sale I set each stone and I hammered each nail  
This house is not for sale  
Where memories live and the dream don't fail  
This house is not for sale  
Coming home  
I'm coming home Drove a spike into the ground and I staked my claim  
Standing on the dirt where they'll dig my grave  
Now what built these walls is in my veins  
No time for looking back, the wolf is at the door  
This heart, this soul  
This house is not for sale I set each stone and I hammered each nail  
This house is not for sale  
Where memories live and the dream don't fail  
This house is not for sale  
Coming home  
I'm coming home This house was built on trust  
That's what it is and always was  
No wrecking ball could knock it down  
This house was built on higher ground I set each stone and I hammered each nail  
This house is not for sale  
Where memories live and the dream don't fail  
This house is not for sale  
Coming home  
I'm coming home  
Coming home  
I'm coming home (this house is not for sale)  
Coming home  
I'm coming home  
I'm coming home  
I'm coming home (this house is not for sale)
