

Anya

Deep Purple

I'm so far away from everything you know
Your name is carried, carried on the wind
Oh your ice blue waters Anya, where do they flow?
Where have they been? Ah where have they been?
A hidden passion touching a spark
Flame of revolution burning wild in your gypsy heart
Oh your gypsy heart
Anya Anya the spirit of freedom
Anya Anya ooh Anya The light of freedom buried deep within your soul
Across the puszta plain to see
The rhapsody of angels refuse to dance alone
What do they mean? Oh what do they mean?
Your jewel flashing across the dark
Forbidding distance, I love your gypsy heart
Oh your gypsy heart
Anya Anya the spirit of freedom
Anya Anya ooh Anya Jewel flashing across the dark
Forbidding distance, I love your gypsy heart
Oh your gypsy heart
Anya Anya the spirit of freedom
Anya Anya ooh Anya
