

# Better Than This

Brad Paisley

That sleepy little campfire poppin' kinda craklin'  
We were heatin' up the pork and beans  
Bubba said man it don't get any better than this  
If you know what I mean  
We sat there for a minute listening to the crickets  
Thinkin' this is pretty hard to beat  
Till Jr. stood up spit in the fire  
Said boys I hate to disagree

But if a bus load of women, really good looking women  
Just suddenly pulled in here  
Old Joe T. Garcia showed up with fajitas and a 100 gallon keg of beer and  
Haggard dropped by and brought Willie with him  
And they started takin' requests  
Well don't get me wrong boys this is pretty good  
But it could get better than this

Bill Mance and Hank Parker floated by in a boat  
And volunteered to be our fishin' guides  
And Richard Petty pulled up in the old '43 car  
And asked us if we wanted a ride  
We'd all sit around singin' poncho and  
Lefty playing poker and smoking big cigars  
Now don't take offense y'all I'm perfectly content  
Just sittin' here under the stars

But if a bus load of women, really good lookin' women  
Just suddenly pulled in here  
And Old Emeril Lagasse showed up with kielbasa  
And a hundred gallon keg of beer  
If Haggard dropped by and brought Willie with him  
And they started takin' requests  
Don't get me wrong boys this is pretty good  
But it could get better than this

But if a bus load of women, really good lookin' women  
Just suddenly pulled in here  
And little Jimmy Dickens showed up with fried chicken  
And a hundred gallon keg of beer  
Merl Haggard dropped by and brought Willie with him

And they started takin' requests  
Don't get me wrong boys this is pretty good  
But it could get better than this  
Don't get me wrong boys this is pretty good  
But it could get better than this
