

# Vince Taylor

## Adam Ant

Johnny looked back  
You know he never looked back  
The whole world was his stage  
He never acted his age A girl we call French Valerie  
Gave a gold plate chain to me  
Asked her who had given it her  
An old flame called Vince Taylor I nearly done a Vince Taylor Oh, Johnny looked back  
You know he never looked back  
Leather and chains, so damned vain  
Never seen his like again  
Must have left his mark on me  
Even liked by Morrissey Johnny looked back  
You know he never looked back Leather and chains  
The whole world was his stage  
He never acted his age A girl we call French Valerie  
Gave a gold plate chain to me  
Asked her who had given it her  
An old flame called Vince Taylor Leather and chains  
Goddamn vain  
We'll never see his like again Johnny looked back  
You know he never looked back  
The whole world was his stage  
He never acted his age A girl called French Valerie  
Gave a gold plate chain to me  
Asked her who had given it her  
An old flame named Vince Taylor I nearly done a Vince Taylor  
I nearly done a Vince Taylor  
I nearly done a Vince Taylor  
I nearly done a Vince Taylor  
I nearly done a Vince Taylor  
I nearly done a Vince Taylor
