Romeo

Wipers

Romeo...
Walks the city at night
The tall dark buildings cast a ghostly shadow in his burning eyes
Oh Romeo...
Roam Romeo...
Romeo roam...
Roam romeo...
Yeah...
Romeo...
Cruises the street's at night
Under his feet lay the remains of all the cruisers
Before him
When out of the alley comes these green laser eyes

Saying come closer...come closer
Juliet!
He's still alone...
Oh Romeo...
Roam Romeo...
Romeo roam...
Yeah...
Romeo...
Around the corner there's nothing there
Juliet!
Whoa!
Cause there's no Juliet!
