Under My Skin

Culture Beat

Under my skin theres someone I never use to be.
Under my skin theres a light that shines inside of me.
(UNDER MY SKIN)
Under my skin theres someone I never used to be.
Under my skin theres a light that shines inside of me.And It keeps me warm.
And it shows me love.
And it holds me close to you.
And it takes me up to the high scale
And It makes my dream come true.Under My Skin
