

# i'd Like to Know

## Warmer

i call you up  
on the telephone  
but your not at home

and where were you  
and were you with him  
i'd like to know  
i'd like to know

i'd like to know  
well maybe no

a million miles  
it might as well be  
it always feel so damn much more than  
383

i'm having trouble having faith with you in bed  
giving all of my hope to the pills to fix your head

and where is your head girl  
is it screwed on tight

i'd like to know  
well maybe no

i could be droppin names  
like jen and the rest  
but i won't play that game  
it'll just make a mess

and you think your bad  
and you think your so strong  
well i've got news for you  
your victory is sour  
and it's not so sweet  
it's stale and out of season and soon you will see

cheaters never prosper  
but they always win

the hearts of another  
and a notch on their post

it's the hollowest feeling  
makes a husk of the host
