

Kick Out the Epic Motherf**ker

Dada Life

Emergency call this is our code red
Put your hands up high put 'em in the air
'Cause you know what we do and we do it well
In a world full of lies we live to tell (tell, tell, tell, tell)

For all the years that
You've been feeding us all that trash
You wasted time
Kick out the epic motherfucker

Kick out the epic motherfucker
Kick out the epic motherfucker

Emergency call this is our code red
Put your hands up high put 'em in the air
You know what we do and we do it well
In a world full of lies we live to tell (tell, tell)

Kick out the epic motherfucker

Emergency call this is our code red
Put your hands up high put 'em in the air
'Cause you know what we do and we do it well
In a world full of lies we live to tell (tell, tell)

Kick out the epic motherfucker

For all the years that
You've been feeding us all that trash
You wasted time

Kick out the epic motherfucker
Kick out the epic motherfucker
Kick out the epic motherfucker
