Neon Wilderness

The Verve

In a neon wilderness He was restless Escape loneliness Find a new addressStood before I sink In a neon wilderness Spill my last drink Yeah, he was restless Say good-bye to my new friends Escape from loneliness I found a new addressIn the last room I hear a boom Someone else's distress In a neon wilderness Someone else's distress In a neon wilderness And I hear a boomIn a neon wilderness He was restless Escape loneliness For a new addressIn a neon wilderness He was restless Escape loneliness For a new address
