

Trip (Giraffage Remix)

Vacationer

I need a trip
A trips what I need
Simmer and sip
As cool as can be
Heaven isn't coming on
Heaven is come and gone
Love's not coming through I need a fix
To put me to sleep
A permanent kick
The world's kicking me
The buzz isn't coming on
The buzz that has come and gone
Love's not coming through Heaven is come and gone
Love's not coming through Well it's been split
And cracked underneath
Covered up slick
To sparkle and clean
Polish coming off
Dream has come and gone
Love's not coming
