Eat To The Beat

Erectus Monotone

You gotta jump up to the beat
Stand up on your feet
Toes are tippi tippi tippi tapping
You do it even when you're yappingHey you got a sweet tooth and I remember
Stand up on your feet
Toes are tippi tippi tippi tapping
You got a sweet tooth and I remember
Sitting in the kitchen eating peanut butter
Eat to the beatYeah, you gotta, gotta, you got the beat
Sweet, sweet, you beat your meat
I know you do it, I know you do it
I seen you, seen you, seen you, seen you chewingHey, you got a sweet tooth and I remember
A sweety treat, you beat your meat
I know you do it, I know you do it
Oh, you got a sweet tooth and I remember
Standing on the corner with a piece of pizza
Eat to the beatCondition redYou gotta jump up to the beat
Stand up on your feet
Toes are tippi tippi tippi tapping
You do it even when you're yappingOh, you got a sweet tooth and I remember
I seen you, seen you, you beat your meat
I know you do it, I know you do it
Hey, you got a tummy ache and I remember
Sitting in the bathroom drinking Alka Seltzer
Eat to the beat, eat to the beat, eat to the beat
