

To Be With You (Feat. Kendra Lowe) (Live In Utah)

[David Archuleta](#)

I've been alone so many nights now
And I've been waitin' for the stars to fall
I keep holdin' out for what I don't know
To be with you, just to be with you So here I am staring at the moon tonight
Wondering how you look in this light
Maybe you're somewhere thinkin' about me too
To be with you, there's nothing I wouldn't do And I can't imagine two worlds spinnin' apart
Come together eventually.. And when we finally meet, I'll know it's right
I'll be at the end of my restless road
But this journey, it was worth the fight
To be with you, just to be... Holding you for the very first time, never letting go
What I wouldn't give to feel that way...
Ooohh... Oh, to be with you... Oh, and I can't imagine two worlds spinnin' apart
Come together eventually And when you're standin' here in front of me
That's when I know that God does exist
'Cause He will have answered every single prayer
To be with you, just to be with you, yeah
You...
