Gremmie Out Of Control

Pearl Jam

{One, two
One, two}
Every beach has a clown who thinks he knows it all
(Hang ten outta Santa Fe when surf comes out tomorrow, let's go)
And he's always practicing his cowabunga call
(Cowabunga)
But the menace scrambles when the big waves start to roll
(Wss shh)
'Cause there's nothing worse than a gremmie out of control
Gremmie out of control
Gremmie out of control
There's nothing worse than a gremmie out of control
The kids all know that a gremmie's talk is cheap

(Ride the hula han over the pipeline bonsai to the saddle bowl)
Though they just try to ignore this ugly creep
(Cowabunga)
His board is always full of dings 'cause he's always doing stupid things
And there's nothing worse than a gremmie out of control
Gremmie out of control
Gremmie out of control
There's nothing worse than a gremmie out of control
Gremmie out of control
Gremmie out of control
There's nothing worse than a gremmie out of control
There's nothing worse than a gremmie out of control
There's nothing worse than a gremmie out of control
