

Complaints (feat. Sadie Barr)

Crowboy Artist

All I hear are complaints, if I hear another.
I think I might faint, see people suffer and you ain't.
I don't know what is wrong with this world,
In the winter need a lover says these girls.
They just like to, use and abuse.
Changing boyfriends, sooner than their shoes.
What's happening today, another surprise?
Starring at her face whilst she's telling you lies.
Another man defeated, he's now heartbroken.
He's girl has cheated, heart was open.
Can't help, but keep it on his sleeve.
Should do the right thing, and leave.
But you won't, you're taken as a fool.
Think you've got it good, nah she's got it all.
One night, both sitting on the sofa, Think it's alright, till she turns over.
Although I feel sad, I still love you.
Although I feel bad, I was untrue.
Although, I feel sad, I still love you.
Although I feel bad, I was untrue.
She starts to cry, although they're not sober.
She can't deny, she been acting like a cobra.
One little tear, rolls down the man's cheek.
He can't think and now he can't speak.
So much now that, he's hidden away.
His brain can't allow, this is what he had to say.
His last vowel, to go separate ways.
You been a cow I been counting the days.
Packs her bags then asks him to leave.
The pain he has on the inside bleeds.
Get out now and leave me alone!
She ignores and chats on her phone.
She's flirting again, with another guy.
Seems nice but is really so sly.
He keeps shouting, she's just ignores.
She moves quick, gets pushed out the door.
Although, I feel sad. I still love you.
Although I feel bad.
I was untrue. Although, I feel sad.
I still love you. Although I feel bad.

I was untrue.
She strolls down the path, all on her own.
Meeting a guy, heads to his home.
For the guy, things got better.
Felt happier, as he started to forget her.
Now moved on, has a nicer life.
The old woman's gone, everything's right.
For the girl, now living on the street.
Got to close and couldn't bare the heat.
It happens, so next time make sure,
you don't complain and open the right door.
Check both ways before you cross,
or it's your life that could be lost.
Can happen to anyone, finding the moon.
When searching for the sun.
Confused at noon. Great on the outside,
bad on the **, if you're not sure your better without.
Although, I feel sad. I still love you.
Although I feel bad. I was untrue.
Although, I feel sad. I still love you.
Although I feel bad. I was untrue.
