## All Natural

Second nature

Second nature Why does love always seem so very hard

It's such a struggle to win the reward

Because I'm playin' with the wrong cards

But I think I got the winnin' hand

There's something different about you, babe

That tells me I can I say it's easy for the things that I do

Never a question, always a pleasure to

Love you, love you, love you Baby, I won't say no

The love that you give is so

Abound and I can't let go of this love It's so natural, so natural to give my love

It's so easy, easy like second nature

It's so natural, so natural to give my love

Like no other, easy like second nature Baby

Baby Thinkin' of you is the breath that I take

Just for your love I can't wait

I could never think twice

It wakes me up in the mornin'

And in the middle of the night

And with a smile on my face, I'm ready Baby, I won't say no

Your love that you give is so

Abound and I can't let go of this love It's so natural, so natural to give my love

It's so easy, second nature

It's so natural, so natural to give my love

Like no other, second nature It's so natural, so natural to give my love

It's so easy, second nature

It's so natural, so natural to give my love

[Incomprehensible] second nature Second nature

It's so natural, baby

To give you all my love, yeah

And if you want it then you got it, baby Second nature

Second nature
