

Wild and Crazy (feat. Joel Figueroa)

Upper Room Music

You stepped into my darkest night
With freedom's spark in Your eyes
My shadow fled the dancing light
All that was dead came back to life
And Now I can see, I see you clearly
You're drowning the grey of fear in brilliant colour
Your love's wild it's crazy
It doesn't stop it doesn't end
Your love's for me, it's not against me
It doesn't stop it doesn't end 'cause you chase, you chase me down
With freedom all around
I throw off caution to the wind
And I celebrate you
Your love's wild it's crazy
It doesn't stop it doesn't end
Your love's for me, it's not against me
It doesn't stop it doesn't end
It's greater than guilt
Louder than shame
This reckless love will never be tamed
You're passionate heart can never be bound
Demons will flee and heaven will shout Nothing is as strong as your love
Nothing is as strong as your love
Nothing is as strong as your love
Nothing is as strong as your love
Your love's wild it's crazy
It doesn't stop it doesn't end
Your love's for me, it's not against me
It doesn't stop it doesn't end
Your love's wild it's crazy
It doesn't stop it doesn't end
Your love's for me, it's not against me
It doesn't stop it doesn't end
Spontaneous Your love's wild it's crazy
It doesn't stop it doesn't end Your love's for me, it's not against me
It doesn't stop it doesn't end Your love's wild it's crazy
It doesn't stop it doesn't end Your love's for me, it's not against me
It doesn't stop it doesn't end
