Last Last Time

Bleu Edmondson

Empty Parking lot
half a cigarette
I got it off the ground
so it's a little wet
I'm on the south side
walkin side ways
I got too drunk again

It's a cold night
Kinda late this year
Plans made
the cops are gone
and we're outta here
but I need to caugh me breathe
cause its 3am and I still miss someone

this is the last last time
I beg the sun to shine
addicted to a memory
and it's killin me
this is the last last time

I shouldn't hide at home
but I can't drive
everybodies callin me, to see if I'm alive
they say, " they got a friend that I need to meet"
and she's never heard of you

this is the last last time
I beg the sun to shine
addicted to a memory
and its killin me

OooooH OoooOoOoooH OooOooOooH OoooH oOoOooOoH

this is the last last time
I beg the sun to shine
addicted to a memory
and its killin me

this is last last time
I tired to change you mind
I'm addicted to the misery
and its killin me
Yeah, it's killin me
it won't stop killin me
