

# Breathing Murder

## Living Sacrifice

Breathing murder upon  
The early church  
Destruction, the new faith to hurt  
Fueled by zeal, a twisted perception  
Creating disorder a morbid obsession  
Profession of faith to persecute  
From heaven a voice, journey refute  
Falling to the ground  
To arise without sight  
Holy Spirit fill,  
Falling scales from smite  
Conspiracy to kill voice of conversion  
Speaking freely, a bold proclamation
