

Violent Solutions

Sacred Reich

Lurking in the shadows
Hidden from the light
Amidst the degradation
His thirst for blood arise
The growing need for pleasures
The growing need for flesh
Senseless brutal beatings
Psychotic lust is fed
Maliciously tortured ripped to shreds
Innocent victims killed by death
Frenzied thrashings drenched in blood
Fleeting screams you have succumb
Up from wretched alleys
Strewn with shards of glass
Burning eyes of hatred
All sign of life be gone
Mission maim, destruction
Mauled and scarred to death
Return to darkened alleys
To rise and kill again
Maliciously tortured ripped to shreds
Innocent victims killed by death
Frenzied thrashings drenched in blood
Fleeting screams you have succumb
Cast into poverty
To live amongst the dead
Skid row life of hopelessness
Fuels hatred of mankind
Release of cruel emotions
Takes from homicide
No answer to his question
Violent solutions abide
Maliciously tortured ripped to shreds
Innocent victims killed by death
Frenzied thrashings drenched in blood
Fleeting screams you have succumb
