

I Don't Like

Yo Gotti

A fuck nigger, that's the shit I don't like
Phantom drop here, I want it all white.
I'm an astronaut, I'm taking off the night.
And if I fuck your bitch I'm in a long pipe.
My bitch, she got a bitch, so my bitch tight.
My niggers got two choppers, they come with a knife.
Gun fight, on sight, police says niggers, call it blue light.
Mutal me in out, bitch, I feel great,
They think I'm MMG, 'cause I sell mate.
They mean I got my money by my damn cell,
Fuck a lebel, imma sell my damn self.
Hey niggers, fake bitches, that's the shit I don't like
Fake jewelry, fake clothes, that's the shit that ain't right.

Design 'em, they sway, nigger, grab 'em, disobey, nigger,
That's the shit I don't like, so bitch, you ain't even got to ask a nigger.
I'm lonely, don't fade it, I'm blessed, bitch, I made it.
Pop a bottle, congrats, hoe, play with me, I'll strike, hoe,
Front door, they ballet, champagne and rose,
King up, sneaked up, the marley got the whole going crazy.

A fat nigger, that's the shit I don't like,
A snitched nigger, that's the shit I don't like,
A bitch nigger, that's the shit I don't like,
Sneach design, that's the shit I don't like,
Don't like, don't like,
A snitched nigger, that's the shit I don't like,
Don't like, don't like,
A bitch nigger, that's the shit I don't like.
