Mes Amis (we Can Party)

Colette Carr

We got cups, we got drink
You got love, so do we!
Mes amis, we can party!We got cups, we got drink
You got love, so do we!
Mes amis, we can party!I got like it was a phantom
We know that you've seen us with the fucking anthem
Sipping on a' like it was a magnum
You know what I mean, turn me off a bit!
Wanna see your hands up, like you got a handgun
You do when it gold plate, we do when it platinum
Running with my team, killing with my clique
Ru-running with my team, killing with my cliqueWe've been living life upgraded
Let me turn it up to amazing!
You brought the kick, I brought the base
Let me here you say, uh!We got cups, we got drink
You got love, so do we!
Mes amis, we can party!We got cups, we got drink
You got love, so do we!
Mes amis, we can party!We'll be on that'game, all our access
I don't need the feeling like a bad bitch
I'm a city loco, we don't need an address
You know what it is, you know what I mean!
Everyday madness, like it was a habbit
Stunning on tricks yeah, you can call it magic
Running with my clique, killing with my team
Running with my clique, yeah, killing with my teamWe've been living life upgraded
Let me turn it up to amazing!
You brought the kick, I brought the base
Let me here you say, uh!We got cups, we got drink
You got love, so do we!
Mes amis, we can party!I picture, we own it
Run this world, we own it
Mes amis, count to three
Hide and seek, come find me!
Je ne sais quoi who we are
Avant-garde, call it'
Mes amis, count to three
Hide and seek, come find me!We got cups, we got drink
You got love, so do we!

Mes amis, we can party!We got cups, we got drink
You got love, so do we!
Mes amis, we can party!We got cups, we got drink
You got love, so do we!
Mes amis, we can party!We've been living life upgraded
Let me turn it up to amazing!
You brought the kick, I brought the base
Let me here you say, uh!
