

Albi

Hisham Abbas

in the marmalade forest (forest)
between the make believe trees
in a cottage cheese cottage
lives albi,albi,albi
albi the racist dragon.

so all the villagers chased albi the racist dragon,
into a very cold very scary cave.
it was soo cold and scary in there that albi began to cry dragon tears,
as which we all know turn into jellybeans.
anyway just at that moment he found a tiny little hand upon his tail,
who could that hand belong to?
but the badly burned albanian boy.

"what are you doing here i thought i killed you ", growled albi quite racistly.
"no you didnt kill me albi i was just very badly burned, i crawled to safety and imstill alive although im very
badly disfigured'. laughed the boy.
'why are you crying?'(albanian boy)
"im crying because all the villagers chased me here , i think its because im so racist".(dragon)
"no albi they chased me here too, its just because, well you and i ...were different."
and suddenly albi wasnt racist anymore.

so they sat in the cave
and ate bubblegum pie, yum!!
albi the racist, well not anymore.
DRAGON!!!!!!
