

She's Thunderstorms (Hurricane Fest June19 2011)

Arctic Monkeys

She's thunderstorms
Lying on her front
Up against the wall
She's thunderstormsI've been feeling foolish
You should try it
She came and substituted
The peace and quiet
For acrobatic blood
Flow constanting her?
Her cheating heartbeat
Rapid fireShe's thunderstorms
Lying on her front
Up against the wall
She's thunderstormsHear who's your host
Sounds as if she's pretty close
When the heat starts growing horns
She's thunderstormsShe's been loop-the-looping
Around my mind
Her motorcycle boots
Give me this kind of
Acrobatic blood?
Constanting her?
Cheating heartbeat
Rapid fireShe's thunderstorms
Lying on her front
Up against the wall
She's thunderstorms
In an unusual place
When you're feeling far away
She does what the night does to the dayShe's thunderstorms
Lying on her front
Up against the wall
She's thunderstorms
Thunderstorms
Thunderstorms
