It'll Take the World

Jesse Powell

1- It will take the world and so much more
To take your love from me
And even when it wouldn't be it now
Because you're the world
Can't you see, to meHow could I try to make you understand
How much I need you in my life
How much I wanna be your man
If there's a way that I can show you baby
There's no girl in this world
Who can take your place
Believe me when I sayRepeat 1Just like a worst to son you feel me
Feel me with melody so sweet
For all of the word to hear, and
And there just no way
For livin' without you baby
So no matter what the people say
No matter what they do
I'm gonna keep lovin' youRepeat 1Repeat 1This love I have (This love)
Wouldn't givin' to me, oh baby
The world ain't givin to me
Cause you can take it awayRepeat 1Repeat 1
