

# No Joke

## Boxed In

No, no joke at all  
I believe I haven't got a clue at all  
Wrap me up inside this symphony  
Count 1 2 3 4 and you will see Smooth markings on a rough domain  
Scratch under the surface and into my brain  
Smooth markings on a rough domain  
Scratch under the surface and into my brain Don't, no please don't move at all  
You slip beneath my vision I begin to fall  
Close, closer than a cannonball  
Rushing through my head and right into my brain Smooth markings on a rough domain  
Scratch under the surface and into my brain  
Smooth markings on a rough domain  
Scratch under the surface and into my brain  
If you've got a moment  
Watch it rushing into me  
If you've got a moment  
You can see it rushing into me  
Into me
