

# Mommy

## King Diamond

You could see the fire burn, you could see the colours turn  
From black to no return  
The night began to cry, rain from the sky  
As the mansion died Oh no... it died... oh no... it died  
Deep down below, fire would not go  
The crypt is still alive, listen to the child that cries I wonder what is wrong  
It's so damp... and cold... in here, could this be the home of fear  
There's something in the dark, that should be left alone  
As if it had a grave of it's own [Solo: Mike] There's a body on the floor, I hope there is no more  
I think I'm stepping in blood  
Too dark for me to see, a dark you only feel  
Dark that always must be I see a child... now I'm blind... where did she go? Oh no  
Deep down below, fire would not go  
The crypt is still alive, listen to the child that cries Where did she go? She must have slipped into the dark again  
Not too far away, I see a light  
And there is Little One, standing by the wall  
The lantern in her hand is lighting up the coffin on the stand  
Oh...  
I used to know your sister, your eternal spirit twin  
Oh but Abigail was way too busy with revenge  
And now you're stuck in here on your own  
A lonely soul who'll never ever find a home  
Oh No She cannot find her mommy, cause mommy's in the floor  
And she doesn't even know... who her mother really is... oh no [Solo & outro solos: Andy] Only I and a few  
others know who her mother really is  
The Countess... The Countess... The Countess  
"Mommy... Mommy..."  
Oh she cannot find her mommy  
"Mommy... Mommy..."  
Cause she's buried in the floor  
But it's NOT your mommy you're looking for IT'S YOURSELF!!!
