

# Altered State (Reissue)

## Sepultura

Fear in my subconscious  
Terror invades my speech  
Faith in my own words  
No one knows the nameless Warm winds and burning tears  
Spirits outside bodies Endless repression by majority  
A master without command  
Strange new dimension disturbing my brain  
Censored ideas, counterfeit answers Shining blast, no perception  
Altered state, no reaction  
Shining blast  
Altered state Slow talk, fast thoughts  
Ancient scriptures  
Controversial lines  
Knowledge changes Running in the wrong direction  
Crossing with blind eyes  
I'm closer to myself  
Sanity can't invade
