Tide Teeth

Night Beds

You turn me onMy eyes always wandered
When you dance 'round your parlour
These lies hold no promise
Come level my solaceTide teeth for the slaughter
Tide teeth for the slaughterYou turn me onI drank out my conscience
Five chords will not harm us
But these lives always cross itYou know I'm not ready
You've been all the wayIf it is good
Then it won't stay
And then it's gone
And it falls and it breaksIf it is good
Then it won't stay
And then it's gone
And it falls and it breaksAnd I'll go
Where you want
And I'll go
Where you wantSooner you and I go
Straight back to your room
I'm already faded but I'm not bad
For her
I'm deep in love
The sun is up
Praising the soundI didn't have a right mind
I didn't have a good time
I didn't have a right mind
I didn't have a good time
I didn't have a right mind
You didn't have a good time
You didn't have a very good time
You didn't have a right mind
You didn't have a very good time
You didn't have a right mind
You didn't have a good time
You didn't have a right mind
You didn't have a good time
You didn't have a right mind
You didn't have a good time
You didn't have a right mind
