

Tell Me More (Sonyae Elise)

Havoc

Uhh, yeah
Yeah, she lookin' right over there
MmmMy neck, my fingers and my wrist
Don't make me empty a clip
Get a bottom upset and that's it
Make a toast with my dough, take a sipPlenty cross on the kush, get lit
Talk, phone me up, do it up, take flicks
Look at you so grown and sexy
Pool three, yeah, you top pedigreeSo pretty and full of energy
Ass fat lookin' like need to be friend of B
Relax ma, I'm a QB rider
Anything pop off, trust me, it's minorProvider, hold you down real well
No stress, no chicks caught in a cell
Keep you so fresh that it'll never go stale
You in-house inbox like e-mail, yeahOoh, I think I'm gonna like this, baby
Come and tell me more, tell me more
And when you said do it, know you can live up to it
Now here's your chance to prove it
I'm listenin', tell me moreIce snub, damn silhouette
Get it wet, I ain't even kill it yet
You about the gettin' freaky with a strange
Jodeci and Sade in the changeLittle nasty somethin', tongue on my fingers
Let me be your personal trainer
Hey ma, let's get it in, get your weight up
Wanna see how good you look without makeupLivin' real sick, big with a city view
Mess around we can make a home video
Late night, uncut, ass clap
Blow cloud, take a pull, pass thatEyes low, break day
Forgot about tomorrow, where's V.A.
I know, can't stay
Ma, make an excuse, come back out to play, heyOoh, I think I'm gonna like this, baby
Come and tell me more, tell me more
And when you said do it, know you can live up to it
Now here's your chance to prove it
I'm listenin', tell me moreTastes just like cotton candy
My hands get sticky when we
Sucker ass, niggaz just fall off
Fall in love then wanna marryNot me though, let the games begin
Never ever save me in your cell phone

At the end of the day, homegirl
That's how we win Your description's got my attention
I think I'm with it just for tonight
No commitment, we just takin' it
Boy, you got this just for tonight Ooh, I think I'm gonna like this, baby
Come and tell me more, tell me more
And when you said do it, know you can live up to it
Now here's your chance to prove it
I'm listenin', tell me more Ooh, I think I'm gonna like this, baby
Come and tell me more, tell me more
And when you said do it, know you can live up to it
Now here's your chance to prove it
I'm listenin', tell me more
