

Father You Believed

Catman Cohen

Father, you believed
Never let me bleed
Helped me in my grief
Helped me in my need Never let me down
Wish you were around
Walking through this town
You're nowhere to be found Dad, I love you so Father you believed
Never let me bleed
Always took my side
Always saved my life
Walking through this town
You're nowhere to be found Dad I love you so All your life
You gave more than you got
All your life
You tried to give me what
You never had
When you were growing up
All your life
I never showed you enough
Love God keep him warm
When the winds blow Dad I love you so
Dad
