

Broken Dreams

Basement Jaxx

I'll tell you how my day has been
How the sun has caught my face?
How I lull myself to sleep?
Waving shadows on my face
Chasing dreams that just passed by
Broken dreams, I'm just too late
Chasing dreams that just passed by
Broken dreams, I'm just too late
Chasing dreams
Chasing dreams
Chasing dreams
Chasing, chasing broken dreams
Chasing dreams
Chasing dreams
Chasing dreams
Chasing, chasing broken dreams
(Aa aa)

If only you could keep me warm?
If only you could keep me from harm?
If only you could?
Chasing dreams that just passed by
Broken dreams, I'm just too late
Chasing dreams that just passed by
Broken dreams, I'm just too late
Chasing dreams
Chasing dreams
Chasing dreams
Chasing chasing broken dreams
Chasing dreams
Chasing dreams
Chasing dreams
Chasing, chasing broken dreams
(Aa aa)
Broken dreams
