

# Only You Make Me Happy

Krystal Meyers

I was chasing my dreams  
With a coke and a smile  
Only You make me happy  
If that was the real thing  
Then Im in denial Only You make me happy  
Now my hearts on my sleeve  
Dont care if Im not in style  
Only You make me happy Superficial, fake and fleeting  
Fashion statements have no meaning Only You make me happy  
Only You make me happy  
Everything will change  
But You remain the same  
Only You make me happy I had it under control  
I had it right where it wants me  
Only You make me happy  
Ive got the rock and the roll  
It made me one of the posse  
Only You make me happy Fame and fortune, blind ambition  
Cant replace the love Youve given Like a song in my head  
It lives and it dies  
(Only You make me happy)  
Elvis is dead, but my King is alive Only You make me happy  
Only You make me happy  
Everything can go  
'Cause the one thing I know  
Is only You make me happy
