

# Ever And A Day

[AFI](#)

Lie in the comfort of sweet calamity  
With nothing left to lose  
Lie in the darkness, I'm slowly drowned to sleep  
With nothing left to lose  
Three tears I've saved for you I'd retrace the steps that led me here  
But nothing lives behind me  
So I lie in this field bathed in the light that loves me  
With nothing left to lose  
Three tears I've saved for you Will you be my, be my beloved?  
Will you help, help me to get through?  
Will you be my, be my destruction?  
Will you help, help me to be through? Oh oh, oh oh, oh oh, oh oh  
Oh oh, oh oh, oh oh, oh oh Will you be my, be my beloved?  
Will you help, help me to get through?  
Will you be my, be my destruction?  
Will you help? Three tears I've saved for you
