

# Your Presence

## Wildwood Music

This rescued life  
Was saved to honor You  
This ransomed heart  
Can't help but sing for You

\*How I love, how I love  
Your presence  
It's where Your whisper  
Breaks through Your noise  
How I love, how I love  
It's where there's freedom  
And fullness of joy

Your Spirit soothes  
Like water to my soul  
Your peace abound where  
Understanding ends (\*)

\*\*We love You, we adore You  
We'll sing until Your Kingdom come  
We love You, we love You  
We'll sing until Your love breaks us (\*\*), (\*)
