

Keeps Getting Better (feat. Ilati)

[Kim Dotcom](#)

We're gonna live tonight
like it's the end of the world.It'll be alright
you all I need, my girl.Put your hand in mine
and I will not let go.Leave it all behind
like there is no tomorrow.We're gonna live tonight
like it's the end of the world.It'll be alright
as long as I'm your girl.Put your hand in mine
and I will never let go.
Leave it all behind
like there is no tomorrow.Bags Packed
Take it to the max
Rocket ship to the moon and backLightspeed
Listen to the beat
A little bit of me is all you needBags Packed
Take it to the max
Rocket ship to the moon and backLightspeed
Listen to the beat
A little bit of me is all you needDon't close your eyes
I promise you the time of your life
Tonight is your night
I'll take it for one hell of a rideNothing can stop us now
we're on a hight speed flightLike a shooting star
we ignite the nightOn the milky way
Destination: MoonWhen I look at you
it makes my heart go boomBags Packed
Take it to the max
Rocket ship to the moon and backLightspeed
Listen to the beat
A little bit of me is all you needBags Packed
Take it to the max
Rocket ship to the moon and backLightspeed
Listen to the beat
A little bit of me is all you needDon't close your eyes
I promise you the time of your lifeTonight is your night
I'll take it for one hell of a rideBags Packed
Lightspeed
A little bit of me
A little bit of me
A little bit of me is all you need

A little bit of me is all you need

A little bit of me is all you need
