Heart Beat

Ross Lynch

I can get your heart beat beat-beat-beatin' like
I can get your heart beat beatin' like that
You know you got my heart beat beat-beat-beatin' like
Ay-ay-ay-ay
I can get your heart beat beat-beat-beatin' like
I can get your heart beat beatin' like that
You know you got my heart beat beat-beat-beatin' like
(Ay-ay-ay-ay 2x)Would you, would you want it if I stood up above a crowd
Got up on a chair and if I shouted your name aloud
Could you, could you take me, call me baby without a doubt
I'm shouting your name right now, shouting your name right nowDon't you get it, get it, I'm nothin' like them other ones
Raise upon the notion, I ain't hosting no reruns
I said it, said it, said it, wouldn't let it be all or none
'Cause I ain't no rerun, I ain't no rerunAnd I'll make you forget (forget)
What you came here for (here for)
For goodness sake, let's make or break this heart
'Cause it needs moreI can get your heart beat beat-beat-beatin' like
I can get your heart beat beatin' like that
You know you got my heart beat beat-beat-beatin' like
(Ay-ay-ay-ay 2x)I can get your heart beat beat-beat-beatin' like
I can get your heart beat beatin' like that
You know you got my heart beat beat-beat-beatin' like
(Ay-ay-ay-ay 2x)Would you want, want want it if I opened your gate at night
Took you by the hand and made your heart beat at the speed of light
Could you, could you take it if I treated you just right
Your heart at the speed of light
My heart at the speed of lightJugglin the consequences, losin you bluesway
Might as well go there, cause were already halfway
Were only young once so grow up with me babe
Were already halfway, already halfwayAnd I'll make you forget (forget)
What you came here for (here for)
For goodness sake, let's make or break this heart
'Cause it needs moreI can get your heart beat beat-beat-beatin' like
I can get your heart beat beatin' like that
You know you got my heart beat beat-beat-beatin' like
(Ay-ay-ay-ay 2x)I can get your heart beat beat-beat-beatin' like
I can get your heart beat beatin' like that
You know you got my heart beat beat-beat-beatin' like

(Ay-ay-ay-ay 2x)No, I wont leave this room without you
You know youre feelin like youre supposed to
I know you know you want to see how fast it can go
So Im a take it to the top
And bring it down slowI can get your heart beat beat-beat-beatin' like
I can get your heart beat beatin' like that
You know you got my heart beat beat-beat-beatin' like
(Ay-ay-ay-ay 2x)I can get your heart beat beat-beat-beatin' like
I can get your heart beat beatin' like that
You know you got my heart beat beat-beat-beatin' like
(Ay-ay-ay-ay 2x)Hey-ay
Let me hear you like
Hey-ay-ay ay-ay
Can you do it like
Ay-ay-ay-ayAy-ay
Let me hear you like
Ay-ay-ay-ay-ay
Can you do it like
Ay-ay-ay-ay
