## To Die In Fall

## **Sinch**

Sustaining life is meaningless

Complacent hearts collapse in stride

We cannot know, we cannot

Call out for help, out for a way in And I forget just y

Call out for help, out for a way inAnd I forget just why I lay here
To rise and bleed and die in fallPreserving fear, deserving fear the satellite
The satellite collapses hard controls my friends
The weather man predicts the endAnd I forget just why I lay here emotionless
To rise and bleed and die in fallAnd I need to push you so far away
'Cause I want to do to you

What I have always longed to do'Cause it's been so long since we spoke
And I keep pushing away but you knew exactly
Who I wanted you to be, lazurus born from a stain
Lie down and take the truth is uglySuch a waste of energy and such a waste of time
Your such a waste

Such a waste of energy and such a waste of time
Your such a wasteWell I forget just why I lay here emotionless
To rise and bleed and die
To rise and bleed and die in fall
