

# Officially dead

Richard Prescott

I don't believe what he said  
I can go anywhere  
I can hold my head up  
I can breathe in the air  
I'm not officially dead  
I still have a heart  
I'm not officially dead  
Yeah I still have a heart  
Do you remember the times  
You ride your bike past my house?  
I want to know you so bad  
Know you inside and out  
You're officially dead  
You don't have a heart  
You're officially dead  
Yeah you don't have a heart  
You're officially dead  
You don't have a heart  
You're officially dead

See me  
Feel me  
Try to  
Kill me  
Please be easy  
Just don't leave  
Just don't leave me for dead  
I know you can't let me go  
It's all in your head  
You want me back in your arms  
Want me back in your bed  
We're officially dead  
We don't have a heart  
We're officially dead  
We don't have a heart...  
We don't have a heart...  
We don't have a heart...  
Whooooaa  
Officially dead

We're officially dead  
Officially dead
