Into The Wild

Icehouse

The rest you need for just one kiss
How could you know? You'd pay the price
You try in love, just once or twice, no last regrets, no sacrificeHey, hey, hey...Hey, hey, hey...(Ooh) Did you follow me?
(Ooh) Just walk into the fire (hey) Into the wildWell, there she goes, that friend of mine
If I could read between the lines...My one last chance, I let her go
So when you talk, don't talk of love, ooh oohHey, hey, hey...Hey, hey, hey...(Ooh) Did you follow me?
(Ooh) Just walk into the fire (hey) Into the wildIn the name of love (love), that sweet refrain
That tells me you're no stranger to the sound
Of the siren's call that takes you down
Down to the deep again and again, mmmHey, hey, hey...Hey, hey, hey...(Ooh) Did you follow me?
(Ooh) Just walk into the fire (hey) Into the wild...Ooh ooh oohHey, hey, hey...Hey, hey, hey...Hey, hey, hey...
Hey, hey, into the wild...Hey, hey, into the wild...
Hey, hey, into the wild...Hey, hey, hey...Hey, hey, hey...Hey, hey, hey...
Hey, hey, hey...Hey, hey, into the wild, mmm...Hey, hey, into the wild...
