

Carry Your Will

The Mowgli's

Hmm.

Cherish this cause when it doesn't last
you'll wish you had.

I will cherish this.

I will be humble again.

What will it take

to get me to get

where I'm going?

Do you know the way?

Do you know when the tunnel ends?

Lord, have mercy on me.

Hmm.

I see a house of lies

built upon a foundation of sand.

That was our house.

That was our life,

but we fell in.

Then it was dark

and we could see no more.

But somehow

we found each other.

Somehow we found hope.

If you carry your will,

I will carry my will. (x4)

Let your faith guide your faith .

Let your faith guide your fate.

If you carry your will,

I will carry my will. (x4)

Let your faith guide your faith .

Let your faith guide your fate.

Cherish this cause when it doesn't last
you'll wish you had.
