

# The Next Time

Cliff Richard

They say, I'll love again, someday  
A true love will come my way, the next time  
But after you, there'll be, never be, a next time for me  
They say that, I'll find happiness in someone  
Else, warm caress, the next time  
I'll soon forget, your kiss and heartaches, such as this will  
Just be ancient history  
They say that, I'm a fool to weep  
That, I won't go on losing sleep, the next time  
And someone else will mend the heart you've broken in two  
But how can I fall in love the next time?  
When I'm still, so much in love with you  
When I'm still, so much in love with you
