# The Only Rule Is That There Are No Rules

## The Word Alive

So you think you're safe now, well think again.
I'm not holding back now so let the games begin.
My bones are breaking from the weight of the world on my shoulders.
I heard all of them say "you've sold your soul"
Now all that's left is the pain.
You've destroyed us all.You've destroyed everything I know, but I've lived through it.All the shame, all the pain that you have caused...
My heart can't beat (my heart can't beat).
All the fights, all the lies you put me through...
It's your disease.Go ahead, blame everything on the ones who forgive.
Blame everything on the ones who forgive.All the shame, all the pain that you have caused...
My heart can't beat (my heart can't beat).
All the fights, all the lies you put me through...
It's your disease.You take. You take. And you...
You take. You take.
You take the life out of me.
(I'm done)
I thought that love was bigger than you hate.
I thought that love could change your heart, but I was wrong.All the shame, all the pain that you have caused...
My heart can't beat (I've let go).
All the fights, all the lies you put me through...
It's your disease. (I was wrong)
All the shame, all the pain that you have caused...
My heart can't beat (I've let go).
All the fights, all the lies you put me through...
It's your disease.I'm done with this!
