Pigs For Swine

Backyard Babies

Sit back and put your toys aside for a while
It ain't war if that's what you like
Somebody said, I'm in for the fight
It ain't mine if that's alrightI ain't trading pigs for a swine
Ain't trading pigs for a swineAll the suits they stand in line
But all they do is fantasizeSicker than the first
Got no hunger and no thirst
It's not workin', it ain't workin'I think it's gonna burst
Medication is the curse
It's not workin'Look out, you're looking
Like the black in the dark
It ain't bright to live on the lieSomebody said
I'm losing my spark
It ain't so but that's alrightAin't trading pigs for a swine
Ain't trading pigs for a swineAll the suits they stand in line
But all they do is fantasizeSicker than the first
Got no hunger and no thirst
It's not workin', it ain't workin'I think it's gonna burst
Medication is the curse
It's not workin'Only the pigs of the irony
Stealing swines from the enemy
Only the pigs, only the pigsAll the suits they stand in line
But all they do is fantasizeSicker than the first
Got no hunger and no thirst
It's not workin', it ain't workin'I think it's gonna burst
Medication is the curse
It's not workin'Sicker than the first
Got no hunger and no thirst
It ain't mine if that's alrightI think it's gonna burst
Medication is the curse
It's not workin', it ain't workin'
(If that's alright)
It's not workin', it ain't workin'
