

All for None

Biohazard

Everybody break out I said I'd stand with you forever if you needed me
Help, arm in arm, hand over fist and carry you where necessary Like a fool I thought we'd walk tall forever all
as one
When the going got tough you stopped pushing and turned to run I tried so hard, so sad to watch you drown You
turned and pointed fingers at the truest friend you ever had
And I prayed to god you'd find relief
From the things that you made your life sad We were down forever, together forever all as one
But when the time came to step up and do it right, I saw you turn and run I tried so hard, to help you hold it down
You never helped yourself, so sad to watch you drown
I tried so hard, to help you save your life
You never helped yourself, shut the door and say, "Goodbye"
Now say, "Goodbye" You and me, eye to eye, hands tied together, live or die
Walk tall forever, all as one, never again, you turned to run All for none Everybody break out You and me, eye to
eye, hands tied together, live or die
Walk tall forever, all as one, never again, you turned to run
