Why Do I

Natalie Bassingthwaighte

This is not me at all, I used to be so much stronger
Here I am holding on, when there?s nothing to hold on to now

I've tried to understand, it's not making sense

If you don?t wanna be here tonight, why do I still want you to stay
If you don?t wanna reach out your hand, why do I find a way
If I don?t have a place in your heart, why do I say maybe in time
If you don?t wanna give me your love, why do I give you mine

Tell me why do I, why do I, why do I

Always loved the sound of your voice, couldn't wait to hear you whisper
Always loved you here by my side, you said that it would be forever
It was meant to be forever

If you don?t wanna be here tonight, why do I still want you to stay
If you don?t wanna reach out your hand, why do I find a way
If I don?t have a place in your heart, why do I say maybe in time
If you don?t wanna give me your love, why do I give you mine

Tell me why do I, why do I, why do I

This is not me at all, not like me at all

If you don?t wanna be here tonight, why do I still want you to stay
If you don?t wanna reach out your hand, why do I find a way (why do I find a way)
If I don?t have a place in your heart, why do I say maybe in time
If you don?t wanna give me your love, why do I give you mine

Tell me why do I (tell me why do I)
Why do I (tell me why do I)
Why do I (Why)

Why do I, why do I, why do I, why do I, why do I
