I Can Do That

The Futureheads

Ain't you asleep yet? Yeah, I'm still here
You want me to buy you some Victoria's Secrets? Yeah, I can do that
You want sex twice a day everyday? Yo, I can do that
You shouldn't be talkin' to me like that though
I mean, I'm just right around the corner, check it outCaramel eyes, chocolate thighs
Your honey brown complexion makes my nature rise
But you don't understand
You got me feenin' for your candy land, yes you doYour voice is warm on a night so cold
My cell phone bill is running out of control
So as I talk to you I hop in my whip to bring this to you
And you're gonna find outSex you from head to toe
I'll kiss you where your man just refuse to go
And if you don't know, baby now you know
Girl, I can do that, I can do thatLady come n' ride with me
Tonight I'ma show you how it's suppose to be
Satisfying you sexually, yeah
I can do that, I can do thatOoh, can we share an orgasm baby?
Just follow my instructions very carefully
I'm gonna take your clothes off leave your shoes on
The candlelight will keep your body nice and warmAnd after I undress you I'll apply a little pressure
It'll give you so much pleasure, ooh
It'll be like sailing away
Just say that you want for me to stay, and I'llSex you from head to toe
I'll kiss you where your man just refuse to go
And if you don't know, baby now you know
Girl, I can do that, I can do thatLady come n' ride with me
Tonight I'ma show you how it's suppose to be
Satisfying you sexually, yeah
I can do that, I can do thatI'll buy you lingerie I can do that
Sex you twice a day I can do that
Lick the champagne off of your back, yeah
I can do that, I can do thatI'll keep the kitty warm just make it purr for me
Then after I undress you I'll apply a little pressure
It'll give you so much pleasure, ooh it'll be like sailing awaySex you from head to toe
I'll kiss you where your man just refuse to go
And if you don't know, baby now you know
Girl, I can do that, I can do thatLady come n' ride with me
Tonight I'ma show you how it's suppose to be
Satisfying you sexually, yeah

I can do that, I can do thatBuy you lingerie buy you panties girl
Sex you twice a day take 'em off
And if you don't know, baby now you know
And if you don't know girl, I can do that, I can do thatLady come n' ride with me
