

# Nothing Can Stop My Loving You

George Jones

Well, I gotta get up, I gotta keep goin'  
Rain or shine, sleetin' or snowin'  
Nothing can stop, stop me  
Stop my loving you. Build a brick wall and I'll tear it to pieces  
I gotta get to your love and kisses  
Nothing can stop, stop me  
Stop my loving you. Cross the fire, walk through a river  
You be the taker, I'll be the giver  
I'll give you lovin', lovin',  
Honey, that's what I'll do.  
Build a brick wall and I'll tear it to pieces  
I gotta get to your love and kisses  
Nothing can stop, stop me  
Stop my loving you. --- Instrumental --- Well, I can't stop praisin' the day I found you  
I'd walk a hundred miles just to be around you  
Nothing can stop, stop  
Stop my loving you. Nothing at all, nothing in the world can  
Make me stop wantin' you for my girl friend  
Nothing can stop, stop  
Stop my loving you. Cross the fire, walk through river  
You be the taker, I'll be the giver  
Well, I'll give you lovin', lovin', honey, that's what I'll do  
Build a brick wall and I'll tear into pieces  
I gotta get to your love and kisses  
Nothing can stop, stop me  
Stop my loving you...
